

Zone3 offers top spec tri suit as prize at Crystal Palace Triathlon this Sunday

Crystal Palace Triathletes (CPT) have joined forces with Zone3 to offer an Aeroflo or Aeroforce race suit to one lucky competitor at the Crystal Palace Triathlon which is being held this Sunday 31st May 2009.

All competitors who attend the race will have their numbers entered into a draw with the recipient being picked out at the prizegiving following the race. There is also a set of buoyancy shorts, transition mat and other prizes to be won. Competitors will need to be present at the prizegiving to win these! More information is available at www.RaceZone3.com

Owner James Lock said "as Zone3 is one of the only British swim-bike-run brands we want to work as closely as we can with high quality event organisers such as Crystal Palace Triathletes. Organising such a successful race for over 600 triathletes is a fantastic achievement and I look forward to meeting as many of the athletes on race day as possible".

A member of the organising team from CPT added "we are very pleased to announce that Zone3 are offering some great prizes at our event including the very high performance race suit as well as lots of other goodies. Zone3 visited CPT last month and all of the suits tested by our members were very fast and comfortable, so we have a lot of confidence in the brand. Zone3 have also been generous to offer all competing athletes a discount for purchases within a month after the race which means it's a great opportunity to upgrade your current tri kit."

The Crystal Palace Triathlon is being held at the National Sports Centre (Post code: SE19 2BB) on Sunday 31st May 2009. Entries have sold out for this event but if you want to come and support the athletes or come down and demo the Zone3 suits then full details are available here: <http://www.crystalpalace-tri.co.uk/race/2009-race/2009-race.htm>

Crystal Palace Triathletes welcomes members of all abilities and experience to join the club and participate in the many club sessions that are available. Details are available at <http://www.crystalpalace-tri.co.uk>.
